ISSUED WEEKLY.

LOUIS LANDRAM, Editor and Publisher.

Lancaster, Ky Dec. 19th 1901.

Harrodsburg Democrat:—The board of trustees of the Kentucky Houses of Reform had the honor of the presence of Gov. Beckham, Senator J. Embury Allen, Representative Van Meter and other distinguished gentlemen at its meeting, Wednesday, all of whom expressed themselves greatly pleased with the management of the institution and the good work it is doing, especially the governor, who promised his best efforts to secure the \$150,000 appropriation that the trustees desire to enlarge the capacity of the establishment, which is now crowded with constant demands for the admission of more unfortunate children. There are 280 there, when the normal capacity is 250.

WHEN Admiral Dewey gave away the house presented to him, the people soured on him, so to speak, but since he refused to be drawn into the cut-and-dried scheme to flinch from Admiral Schley the honor won at Santiago, he has again proved his sterling qualities and the people applaud. The opinions of the other members of the Schley court don't amount to a hill of beans. They were only dress-parade officers, and only cats' paws for the Navy clique who have been trying to down Schley ever since the famous battle was fought. Admiral Dewey has been under fire, and knows what a battle is.

In New York, "bears" who conspired to depress Brooklyn Rapid Transit stock have been sentenced to serve penitentiary terms. Such burlesques on the law should not be tolerated. Gamblers of high (?) enough standing to be among the "bills" and "bears" will never be made to suffer for breaking the law. Its poor crap-shooters, or cent-ante man who is placed behind the bars. Men with money are never punished in this gerrily country of our'n.

OUR Congressman, G. G. Gilbert, was again placed on the committee of private land claims and expenditures. Mr. Gilbert is one of the brainiest and safest men in Congress, and should have been given a more prominent assignment. No member is more attentive to business, and if the entire lot were as careful and safe as he, the country would receive some benefit from the session.

Harrodsburg Democrat:—Tom Hampton, who was hanged at Lake City, Florida, confessed to five murders, and strange to say, did not claim that he was going straight home to glory. According to the statement of the average murderer who is executed, five murders ought to entitle him to a very high seat in the kingdom prepared for them who slay their fellow man.

By order of a Judge a school boy in Bath county was given fifty lashes for carrying a pistol. Pity but what some of the grown, cowardly puppies, who lug around small cannons, could not be given a flogging. A good, seasoned picky carrier will put to flight any pistol-witch.

It does seem hard that, after allowing him to talk unceasingly all his life to jump poor Lucien Young when nearing the shady side of his earthly voyage. Talking is Lucien's main stock in trade, and the Navy clique should not deprive him of that pleasure.

THE most successful invention of the day is the system of wireless telegraphy just invented, by a Yankee, of course. He places a line of women fifty steps apart and then commits the message to the first one as a secret. It's a glorious success.

AN editor, near St. Louis was frozen to death Monday. He was undoubtedly a new man in the newspaper bar.

ness. A few years' experience accustoms an editor to coldness, especially to the coldness of heart given him.

THE State Board of Valuation has reduced the valuation fixed on whisky from \$10 to \$8 per barrel. In order to make up the difference, we suppose taxation on necessities of life will be raised accordingly.

It would be a waste of time to take the Schley case into Congress. The people know to whom the honor is due, and they are satisfied now. Dewey's decision voiced their sentiments, fully.

A BUFFALO man attempted suicide by drinking kail oil and then applying a lighted match to his mouth. Poor fellow. He believed in having his lamp trimmed and burning.

Occasionally love is the beginning of a job lot of trouble.

Health and Beauty. A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress. Safe pills. F. P. Frisbie.

Poverty frequently brings a change of landlords.
